

Index to Volume 15 (1995)

Authors and titles

- Altamirano, A T, Return migration on the policy agenda in Sweden, 267–78
- Aspects of the differences in the erodibility of the waste rock dump and natural surfaces, Ranger Uranium Mine, NT, Australia (Riley), 309–23
- Avalanche hazard mapping with satellite data and a digital elevation model (Gruber and Haefner), 99–113
- Beck, T, The green revolution and poverty in India, 161–81
- Bond, D, *see* Cruickshank, M M
- Borgegard, L-E, *see* Findlay, A M
- The British who are not British and the immigration policies that are not (Jowett *et al*), 245–65
- Cadwallader, M, Interaction effects in models of consumer spatial behaviour, 135–45
- Chase, J and Healey, M, The spatial externality effects of football matches and rock concerts, 18–34
- Cherrill, A and Lane, M, The survey and prediction of land cover using an environmental land classification, 69–85
- The continuing ethnic-origins dimension of Australian immigration policy (Jones), 233–44
- Cruickshank, M M *et al*, Peat extraction, conservation and the rural economy in Northern Ireland 365–83
- de Loe, R C, Exploring complex policy questions using the policy Delphi, a multi-round interactive survey method, 53–68
- de Souza, P D *see* Lakhani, V C
- Dearden, P, Development and biocultural diversity in northern Thailand, 325–40
- Demography, destiny and population policies (Findlay and Borgegard), 197–202
- Development and biocultural diversity in northern Thailand (Dearden), 325–40
- Devine, P M, *see* Cruickshank, M M
- Edwards, C J W, *see* Cruickshank, M M
- Exploring complex policy questions using the policy Delphi, a multi-round interactive survey method (de Loe), 53–68
- Findlay, A M, *see* Jowett, A J
- Findlay, A M and Borgegard, L-E, Demography, destiny and population policies, 197–202
- Flood adaptations in Bangladesh (Rasid and Mallik), 3–17
- Floodplain development policy in England and Wales (Parker), 341–63
- The geography of multiple deprivation in Scotland (Pacione), 115–33
- Gould, W T S, Ideology and data analysis in African population policies, 203–18
- Graham, E, Singapore in the 1990s, 219–32
- The green revolution and poverty in India (Beck), 161–81
- Gruber, U and Haefner, H, Avalanche hazard mapping with satellite data and a digital elevation model, 99–113
- Haefner, H, *see* Gruber, U
- Healey, M, *see* Chase, J
- Heron, R, *see* Lakhani, V C
- Ideology and data analysis in African population policies (Gould), 203–18
- Immigration—mismatches in labour, housing and space (Mustard and Muus), 279–96
- Interaction effects in models of consumer spatial behaviour (Cadwallader), 135–45
- Jones, H, The continuing ethnic-origins dimension of Australian immigration policy, 233–44
- Jowett, A J *et al*, The British who are not British and the immigration policies that are not, 245–65
- Lakhani, V C *et al*, Log-linear analysis of factors contributing to the post-independence decline of Guyana's rice industry, 147–59
- Lane, M, *see* Cherrill, A
- Li, F N L, *see* Jowett, A J
- Log-linear analysis of factors contributing to the post-independence decline of Guyana's rice industry (Lakhani *et al*), 147–59

- McGregor, G R, The tropical cyclone hazard over the South China Sea 1970–1989, 35–52
- Mallik, A, *see* Rasid, H
- Musterd, S and Muus, P, Immigration—mismatches in labour, housing and space, 279–96
- Muus, P, *see* Musterd, S
- Pacione, M, The geography of multiple deprivation in Scotland, 115–33
- Parker, D J, Floodplain development policy in England and Wales, 341–63
- Peat extraction, conservation and the rural economy in Northern Ireland (Cruickshank *et al*), 365–83
- Rasid, H and Mallik, A, Flood adaptations in Bangladesh, 3–17
- Return migration on the policy agenda in Sweden (Altamirano), 267–78
- Riley, S J, Aspects of the differences in the erodibility of the waste rock dump and natural surfaces, Ranger Uranium Mine, NT, Australia, 309–23
- Singapore in the 1990s (Graham), 219–32
- Skeldon, R, *see* Jowett, A J
- The spatial externality effects of football matches and rock concerts (Chase and Healey), 18–34
- The survey and prediction of land cover using an environmental land classification (Cherrill and Lane), 69–85
- Tomlinson, R W *see* Cruickshank, M M
- The tropical cyclone hazard over the South China Sea 1970–1989 (McGregor), 35–52
- Books reviewed**
- Auty, R M, *Economic development and industrial policy* (R D F Bromley), 302–3
- Beniston, M (ed), *Mountain environments in changing climates* (P A Smithson), 299–300
- Butler, R and Pearce, D (eds), *Change in tourism* (S Essex), 390–1
- Carpenter, T G, *The environmental impact of railways* (B Turton), 304–5
- Cutter, S L, *Living with risk* (A Blowers), 86
- Findlay, A M, *The Arab world* (B W Beeley), 89–90
- Gierlowski-Kordesch, E and Kelts, K, *Global geological record of lake basins* (J A Holmes), 389–90
